Light Fantastic! has been engineered to perform and is built to last

Bulb housing stylized with decorative ribbed design. Made of anodized aluminum so its lightweight, yet durable. Black finish goes with any decor.

You write your message with our wet erase fluorescent marker. The light is transmitted through the inside of the acrylic writing surface and illuminates your message with a brilliant burst of color.

Heavy duty, durable acrylic write-on surface.

The secret to this first of its kind write-on board is the long life electric bulb. The single bulb creates all (6) colors.

Decorative etched boarder frames this write-on with a brilliant glow that will command attention and enhance your decor.

Available in two shapes and two sizes
